Mission Statement *St. Peter Lutheran School exists to help parents bring up their children in the training and instruction of the Lord, to provide academic excellence using God's Word, and to share the Gospel of Christ with the world.*

New Bible Class Starting Soon

The young business man had a drawer full of old cell phones because he would always buy a different device every time a new model became available. As a homeless man lies on the sidewalk bleeding from a fall, people walk swiftly past him minding their own business. The ten year-old tells his mother that the cat knocked over the vase and broke it even though he himself was chasing the feline from room to room. The newly hired employee arrives 15 minutes late for work because she was talking on the phone with a friend for half an hour.

The lack of moral principles mentioned above bombard our children on a daily basis. They have front row seats to the unethical behavior that surrounds them. How do we as parents, grandparents, teachers, and fellow believers help lead them down a path what is right? It can only happen by sharing God's Word and living a life of glory for the Savior.

"Living Christian Values in the Home" is a five week Bible class that will address how to teach our children contentment, compassion, honesty, and responsibility. The very first lesson will emphasize that it starts with each of us individually embracing the mission God gave to His believers. Classes will be held Sunday mornings starting at 9:15 am in the school commons on November 15, 22, 29 and December 6, 13.

Mr. Miller's Classes:

We continue another week of virtual education for the entire room. It has been going fairly well. I think most, students and teachers, look forward to returning to school and getting back to 'normal'. As of this writing, our goal is to return to on campus instruction on Monday, November 9. Parents, you will be sent an email the end of this week or weekend verifying the date 7th/8th grade students should return to St. Peter.

This week we will start a unit on writing research papers. For the next several weeks, each student will learn the procedures for finding information on a specific topic, taking notes, and then formulating their findings into a well-written paper.

Due Dates

Spelling Test 10 – Thursday, November 5

Math Tests 6 – Wednesday, November 11

Spelling Test 11 – Wednesday, November 11

SMART Boards:

On October 29th, SMART boards were installed in each classroom. These interactive boards were purchased with money collected and accumulated from student technology fees over the previous few years. SMART boards will aid teachers in preparing students for a digital world as they continue their education now and into the future. The boards are very interactive which will help keep students interest in learning at a high level. What a blessing to have this technological capabilities.

No School: There will be no school Friday, November 13th due to Parent/Teachers Consultations. Your scheduled time came home with your child in his/her report card. School will resume on Monday, November 16th.

Picture Retake Day: Picture re-takes will be on Tuesday November 10th from 8-10am in the school commons. If your child is doing re-takes they need to return the original picture packet to the photographer at the time of their picture. The school ID is EVT3S8T78 if you are ordering on line, or your child can pick up an order form from the office before picture day.

Cold Weather: As the weather gets colder, please remind your children to dress appropriately for school. The morning recess can be very cold and jackets, hat and gloves should be worn. When the snow starts flying (again) remember to bring snow pants and boots.
